

Veterans & Military

Pain physicians, physical and occupational therapists use BioWavePRO to verify treatment success in the clinic and then issue BioWaveHOME to veterans and active military in place of opioids to reduce acute, chronic and postoperative pain.

General Market

Patients purchase BioWaveHOME to treat themselves on an as needed basis at home.

Who Uses BIOWAVE?

Athletes

Athletic Trainers and Physical Therapists on over 90 professional sports teams use BioWave to treat acute, chronic and postoperative pain and to facilitate motion and accelerate Return to Play.

Pain & Spine

Pain physicians in pain clinics and hospitals throughout the U.S. use BioWavePENS to treat patients to reduce pain and accelerate a return to activities of daily living.

Used by Athletes and Teams
